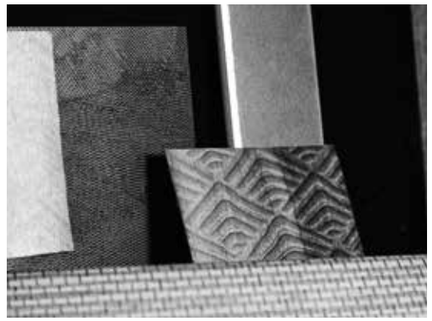
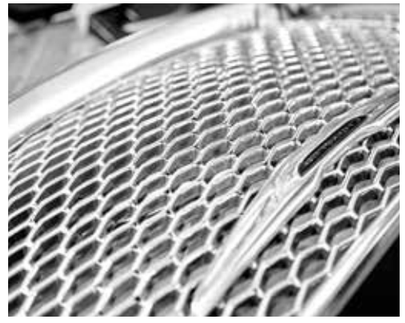
IMPORTED FROM DETROIT®
The 2017 **Chrysler 300**



The Chrysler 300 is more than an icon of a brand — it's a pillar of a company renowned for providing innovation and modern design to the masses. It stands for premium engineering like an advanced all-wheel-drive system, technology like active safety features and leading-edge fuel efficiency, along with the distinctive design worthy of all that its wings carry.



A parallel span of design with purpose.

Dynamic and enduring architecture serves myriad purposes bearing a strong connection to design, function and its surroundings. The Chrysler 300 stands apart to the highest degree with lines that portray the solid yet seamless flow each driver feels. The formation closes gaps delivering advanced aerodynamic performance as details like ribbon-like chrome elements provide aesthetic balance and distinction.

George Washington Bridge, New York

Duality at its finest, engineered for strength.

The roots of this family tree run deep. Through the evolution of the legendary 300 collection, its innate strength and stunning shape remain true. The uniquely square, chiseled face features premium chrome applications symbolizing engineering brilliance and innovation in its construction. Framing the signature lighting, wing badge and grille designs, the fascia hardware leads the visual continuity that is undeniably Chrysler.

300C Platinum shown in Maximum Steel Metallic

The dominant one brings attitude to every occasion.

Take your rightful place in any driveway with the best of American inspiration and an imposing silhouette that demands attention with extroverted sophistication. This commanding full-size sedan with standard V6 engine, or an authoritative, available V8 along with sculpted aerodynamics and premium interiors, makes 300 a benchmark for powerful luxury in its class. It brings forth the bold shape and larger-than-life character that's always ready to perform for an audience as easily as for its drivers.

300C Platinum shown in Maximum Steel Metallic

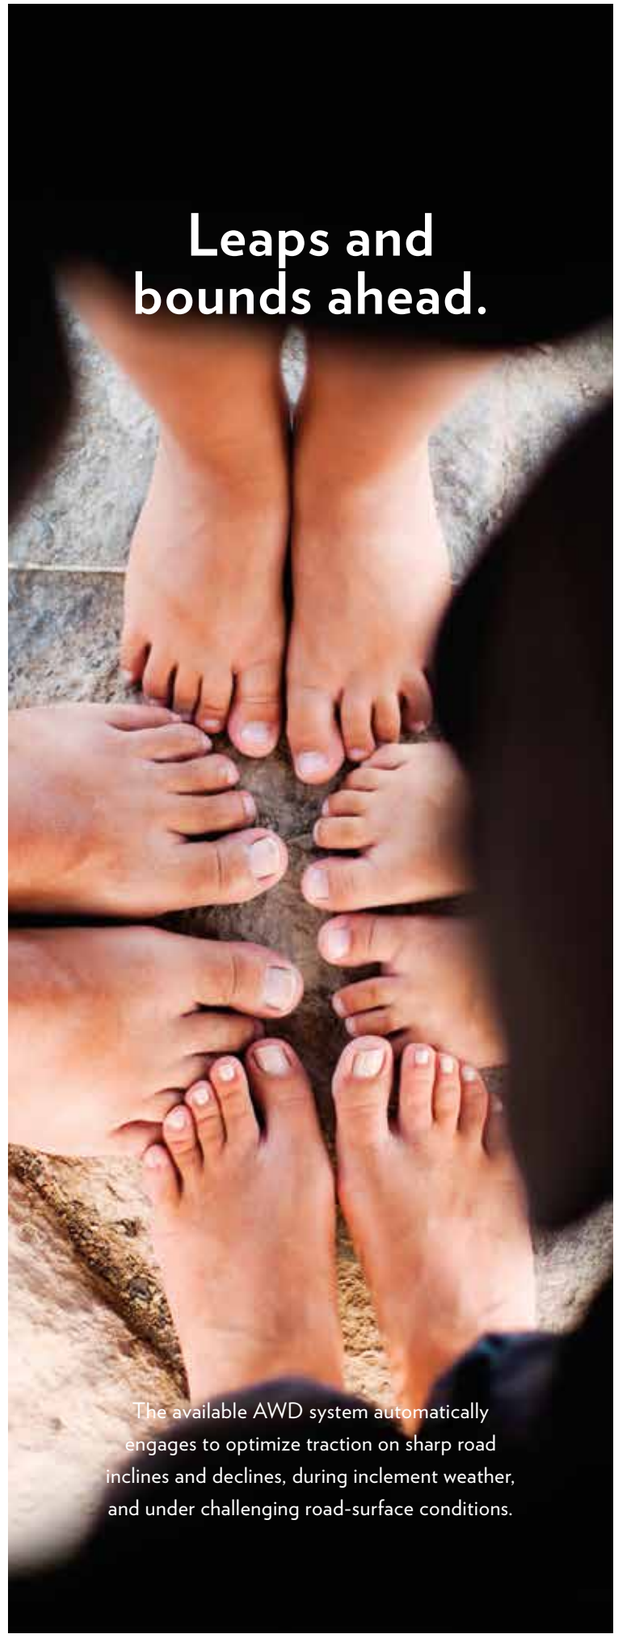
300S shown in Redline Red Tri-Coat Pearl with S Model Appearance Package

The all-wheel drive with front-axle disconnect on the 300 can remove power to the front wheels when rear-wheel-drive performance is optimal, automatically engaging AWD when needed. There is no need to select RWD or AWD, as the intelligent controls ensure that the proper mode is engaged when necessary depending on road-surface traction, temperature and driving dynamics.

Advanced all-wheel-drive (AWD) system.

The available advanced AWD system detects wheel-slip and kicks in automatically to distribute power between front and rear wheels. AWD also engages when the driver turns off the Electronic Stability Control (ESC)[1]* system or when driving in Sport mode. In cases of inclement weather, AWD is tuned to minimize oversteer and maximize traction where snow, ice, mud, sand or gravel are present. The AWD system on 300 also offers the fuel-saving technology of rear- and front-axle disconnect, giving you the ultimate in performance and traction when you need them, and optimal fuel efficiency when you don't.

*A note about this brochure: all disclaimers and disclosures can be found in the back of this brochure.



Firm traits of tolerance.

Some of the strongest attributes are what you don't see. A thorough test drive will prove that this car is built for refined ride and handling that turn harsh city streets into a relaxed and leisurely cruise.

300C Platinum shown in Billet Silver Metallic

Because forging through is always in the forecast.

When little in life can be predicted, it's reassuring to know your vehicle is equipped for a smooth ride in nearly any given daily extreme. The athletic architecture and aerodynamic efficiency of the 300 contribute to the strategically engineered quiet of the cabin. A rigid structure along with tight fit and finish ensure insulation between the road and cabin, resulting in a reduction in wind noise, as well as a solid ride and handling experience. Add the available all-wheel-drive system and all-weather-ready is effortlessly part of your routine.

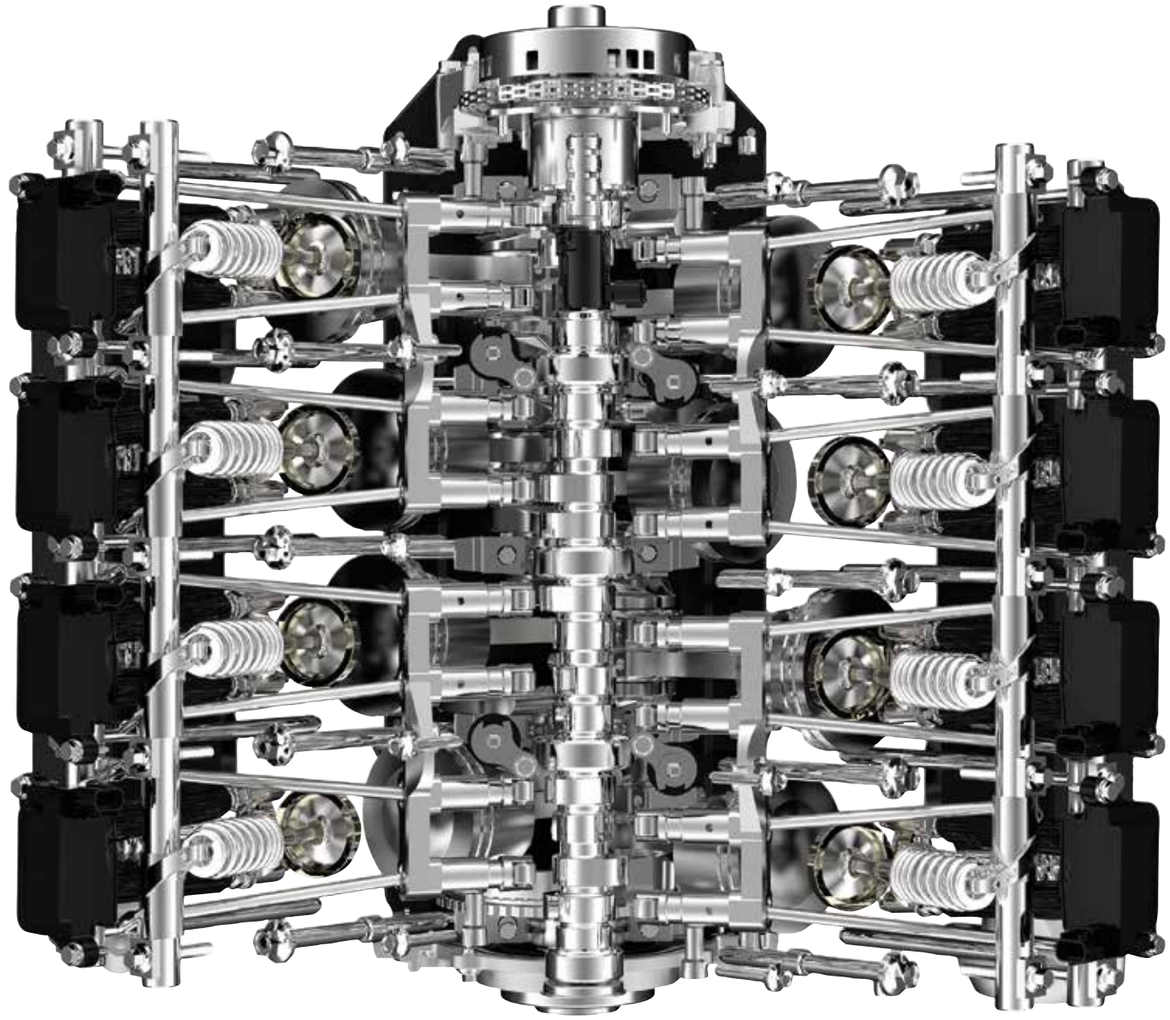
Calibrated to skillfully corner rough pavement.

What you'll notice most when you drive the 300 is that you don't notice potholes, grates and uneven road work. Thanks to the 4-wheel independent suspension, you and your passengers will simply notice a premium ride and handling. The optimally tuned suspension, shock absorbers and rear stabilizer deliver calibrated road-surface handling during cornering and over bumps, while the electric power steering contributes to exceptional feel and feedback.

300C Platinum shown in Jazz Blue Pearl

Operational excellence.

The 5.7L HEMI® V8 VVT engine, available on 300S and 300C, is powered to operate on 4 cylinders or 8, as needed.



300 HEMI® V8 engine

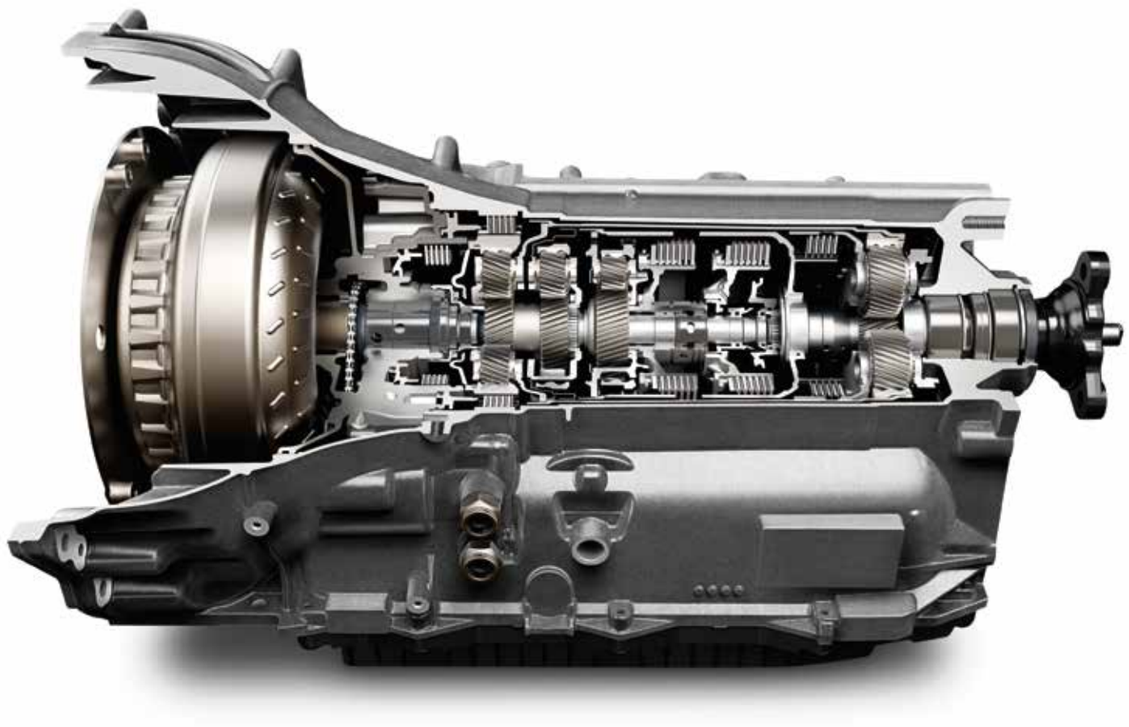
Fuel Saver Technology on 300.

For maximum power, choose the legendary 5.7L HEMI V8 Variable Valve Timing (VVT) engine with Fuel Saver Technology, available on the rear-wheel-drive (RWD) versions of the Chrysler 300S and 300C. It produces up to 363 horsepower and 394 lb-ft of torque. Delivering the power of a V8 with the efficiency of a four-cylinder engine, Fuel Saver Technology detects when full power isn't needed, such as highway cruising, and deactivates four of the eight cylinders to improve efficiency.

Up to 30 hwy mpg.*

8-speed transmission.

The standard 8-speed transmission provides greater fuel efficiency with full-power performance. It starts with the acclaimed 3.6L Pentastar® V6 engine with up to 300 horsepower and arms it with eight speeds to yield an EPA-estimated 19 city/30 hwy mpg.*



300 8-speed automatic transmission

*Based on 2016 EPA estimates. Actual mileage may vary.

Geared to conquer.

For those who prefer to be in control at every turn. Each gear responds quickly during acceleration with smooth power delivery and transitions, while reducing overall noise, vibration and harshness (NVH). The available Sport Mode adds manual shifting to help maximize a dynamic experience. It allows drivers to navigate via steering wheel-mounted paddle shifters or opt to let the automatic transmission shift normally without driver input.

The new bronze age Alloy Editions.

It's the perfect marriage of darkness and light — warm and cool hues transcending into glowing shadows. That magic moment between day and night, to be had all day or night with a special, metalworks styling edition on the horizon for the Chrysler 300.

300S Alloy Edition shown in Granite Crystal Metallic

An alluring exterior features Dark Bronze upper and lower grille surrounds, Dark Bronze aluminum wheels, Liquid Titanium badging and Titanium-finish exhaust tips. The interior mixes available Black Nappa leather with Caramel stitching on seating surfaces, steering wheel, dash and door panels — all highlighted by Titanium-finish accents on the center console.

Shoulder room.

Spaciousness means more than physical comfort in the Chrysler 300. It allows a laid-back and welcoming environment offering a respite from the hectic world. The beauty and feel of premium materials and ergonomically designed seats help the driver and passengers alike find a peaceful and personal space to call their own.

300C Platinum quilted, perforated and ventilated Linen Nappa leather-wrapped seating

Designer's touch.

The sumptuous interior boasts seat features that include standard leather trim, heated front seats, available ventilated and heated front seats, and heated rear seats. The available rich, deep-quilted Linen leather-trimmed seats with Linen stitching and quilted door bolsters are the hallmark of the 300C Platinum model. Recline in the comfort of premium perforated Nappa leather-trimmed seats. Matte-finish Mocha real wood adds warm accents along with the heated two-tone leather-wrapped steering wheel and leather-wrapped dash.

300C Platinum Nappa leather door trim details

Lap of luxury.

Every sense awakens as you slip into the smooth, stately interior. The available leather-wrapped and accent-stitched seating, instrument panel, doors and center console, real wood accents, heated and cooled front-console cup holder, and generous leg and head room reveal the level of thought-out sophistication for your daily indulgence. An available Dual-Pane Panoramic Sunroof, which extends to the backseat, brings further magnificence to wherever your travels in the 300 take you.

Dual-Pane Panoramic Sunroof

300C Platinum shown with premium Indigo/Linen Nappa leather with Axis II perforated inserts

Equipping the 300S with the S Model Appearance Package adds the forceful V8 engine and puts it on a mission to own the road and save the world one block at a time. With the added performance comes the exclusive front fascia with projector LED fog lamps, and aggressive rear deck lid spoiler, lending styling cues and giving it a planted look. Combining a Black Chrome surround with the Gloss Black S grille gridwork, Black Chrome lower fascia treatment, 20-inch Hyper Black wheels and available Black roof turns 300 into a street-smart and enterprising crusader.

S Model Appearance Package

Designed to move you.

BeatsAudio™ technology is crafted by Dr. Dre and Jimmy Iovine — the talent behind so many of your favorite hits. They've taken their experience in the studio working with world-class artists and translated it to BeatsAudio. The result is a unique blend of science and artistry, applying a distinct tuning process available on the 300S — a partnership that lends the most merit to artists heard from this passionately tuned system.

BeatsAudio available 10-speaker system plus subwoofer

beatsaudio

Acoustic perfection: the impressive 19-speaker Harman Kardon® sound system.

Well-known in the world of high-end audio, Harman Kardon gives you a clear, powerful sound experience that delivers:

- GreenEdge™ unity coaxial mid-range speakers with integrated tweeters
- Harman Kardon GreenEdge subwoofers
- 12-channel, Class D amplifier with 35-volt tracking power supply and Logic 7® surround sound processing

Standard on 300C Platinum and available on 300C, the system is tailored to provide the driver and passengers with the ultimate music playback realism, maximizing each listening spot and sound stage from any seat.

A standard six-speaker sound system incorporates high-performance, injection-molded woofers, including two 3.5-inch speakers located in the instrument panel, and two six- by nine-inch speakers located in the front doors as well as in the rear shelf. It's a 276-watt system that makes each drive all about you.

Travel. Connect.

Experience your unique life and connections, every moment of every drive.

SiriusXM® All Access Package.[2]
Get over 160 channels on your radio, including premium programming and Instant Replay to pause, replay, rewind and fast-forward programs. One-year trial.

SiriusXM[2] on the App and Online.
Stream SiriusXM[2] beyond your car. Go to siriusxm.com/getallaccess for more information.

SiriusXM Traffic Plus/Travel Link.[2]
Get detailed information on traffic, construction, road closures and more, as well as weather forecasts, fuel prices, sports scores and movie schedules.

SiriusXM[2] SATELLITE RADIO

SiriusXM[2] TRAFFIC

SiriusXM[2] TRAVEL LINK

Uconnect® Phone.
Pair a Bluetooth® enabled phone with Uconnect by simply pressing the steering-wheel Phone button and following the prompts. Then send and receive calls hands-free.[3]

Voice Recognition.
Select radio stations and SiriusXM[2] channels and navigation destinations, and make calls and record voice memos. The system can be trained to recognize your voice and understand English, French and Spanish.

Drag and Drop Menu Bar.
Personalize the dashboard with your top six features and services.

Do Not Disturb.
Route incoming calls to voice mail and hold texts. Choose to receive a visual prompt of calls and texts and send an automated reply.

One-step Navigation.
Available on Uconnect 8.4 radio systems with navigation, this full-feature navigation system includes 3D city and landmark imaging, digital terrain maps, enhanced screen graphics and one-step voice destination entry.

Climate.
Climate, heated seats, steering-wheel buttons and mirror dimmer can be controlled via the 8.4-inch touchscreen, as well as voice activation.

Android Auto™
Automatically provides a safer way to use Android while driving, sharing information while you easily access the best of Google: Maps with voice-guided navigation and Play Music; place phone calls or send and receive messages and ask Google search any question by voice command.[3]

android auto

Apple CarPlay™
A smarter, safer way to use an iPhone® inside your vehicle and seamlessly integrate it with the Uconnect® touchscreen and Siri®[4] voice control. You can make calls, access music, send and receive messages,[5] get directions optimized for traffic conditions and more while staying focused on the road.

Works with Apple CarPlay

Uconnect®

300 8.4-inch touchscreen radio system includes the new Apple CarPlay™ and Android Auto™ capability. DRIVEUCONNECT.COM

Steer clearly.

7-inch Driver Information Display (DID).

Personalize the information you want to see. The full-color DID in the instrument cluster seamlessly integrates crisp, configurable graphics with analog instruments. The distinctive blue-ambient display allows for a wide range of settings, including audio, speed, compass, temperature, fuel economy, trip, cruise control, vehicle status and engine performance, all adding up to over 7,000 available driver configurations.

Standard 8.4-inch touchscreen.

The Uconnect® touchscreen system takes non-distracted driving very seriously, which is why the 300 offers such user-friendly conveniences built to keep your eyes on the road.

Control center.

Centrally located buttons on the steering wheel provide ease of operation for the 8.4-inch Uconnect® touchscreen, as well as the audio, voice,[3] speed controls and available Adaptive Cruise Control (ACC).[6] The Electric Power Steering provides three available driver-selectable steering modes: Normal, Comfort and Sport, allowing for more responsive steering for spirited driving, while maintaining ease at low speeds and when parking.

Position of authority.

The three-spoke leather-wrapped steering wheel provides a sturdy, ergonomic grip along with a clear view of gauges. An available two-tone premium Nappa leather-wrapped and stitched, tilt/telescoping-column steering wheel brings a luxurious look and symbols are paddle shifters used to manually control the gears if you so choose to. The available paddle shifters are used in Sport mode for full performance-driving capabilities.

Warmth to hold onto.

Because waiting for heat isn't an option on cold mornings — the available heated steering wheel delivers immediate warmth operated via the Uconnect touchscreen display. With the available Remote Start, the heated steering wheel can be programmed to activate automatically when temperatures outside dip below 40.°

Solid framework.

The body frame strategically mixes and positions advanced high-strength steels, resulting in outstanding occupant protection in the event of front, side or rear impact. The front and rear crumple zones are specially formed structural sections that crumple and absorb energy in a collision, helping to protect the occupant cabin.

Safety cage/air bag[7] deployment

Equipped to protect.

The standard air bags[7] include front dual-stage air bags[7] with adaptive venting technology, driver knee air bags,[7] as well as front-seat-mounted side-impact air bags,[7] which extend over front and rear-seating rows. Advanced multistage low-risk deployment front air bags[7] incorporate adaptive venting technology, which delivers varying levels of deployment based on occupant size and impact severity.

Modern marvel of safety and security.

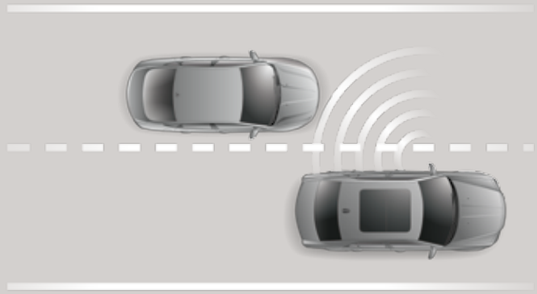
State-of-the-art engineering forges with the latest in tested safety and security technology, evolving structural integrity with features that measure beyond a driver's vision.

Expand your space and time.

These active standard and available safety, security and technology features automatically react to help prevent a potential impact.

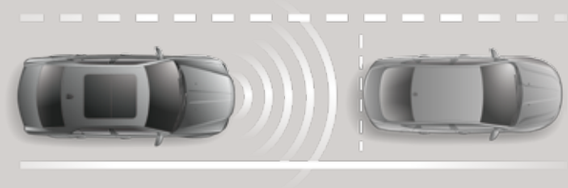
Full-Speed Forward Collision Warning with Active Braking[8]

This available system features Active Braking which slows the vehicle to prevent a potential impact. Using radar and video sensors, the system detects whether the vehicle is approaching another vehicle or large obstacle in its path too rapidly, warning and assisting the driver in avoiding the incident. The driver has the ability to adjust the sensitivity and turn brake support on or off.



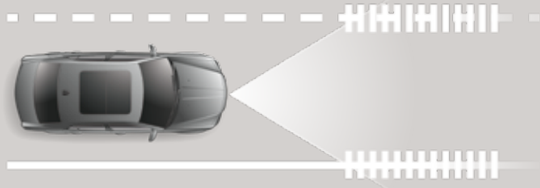
Blind Spot Monitoring[9] — Sees where you can't.

This available system continuously monitors rear blind zones on either side of your vehicle via radar and, if a vehicle is sensed in the zones, will notify you via a yellow triangle symbol on the outside rearview mirror. Available Rear Cross-Path Detection[10] monitors for vehicles/objects in perpendicular relationships to the vehicle when maneuvering backward in parking lots, and provides feedback to you by audible chimes and/or visual icons.



Adaptive Cruise Control (ACC) with Stop[6]

This available system identifies vehicles in the forward path by utilizing radar and video sensors to help maintain a safe distance between your vehicle and the one in front of it. ACC with Stop[6] has the ability to manage cruising speeds between 0 and 100 mph with one of four following distances. The system maintains the distance until 0 mph, holding the brakes for two seconds then resuming forward, requiring the driver to take control and manually apply brakes.

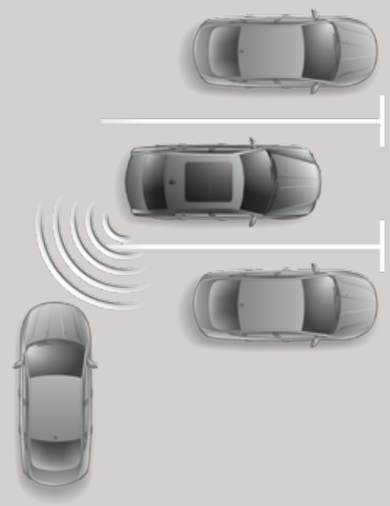


LaneSense® Lane Departure Warning with Lane Keep Assist[11] — Moves your vehicle back into its intended lane.

With a camera mounted inside the rearview mirror and on the front fascia of the vehicle, the available LaneSense system[11] can identify the lines on the road. It determines where your vehicle is positioned relative to the lines, warning you through the cluster display if you drive onto either line without using a turn indicator. If nothing is done to correct the drift, the system will automatically align the vehicle to its correct lane position.

Object-detecting.

Tight parking situations don't have to include apprehension with the aid of the available ParkSense® Front and Rear Park Assist[10] System on the 300 that uses sensors located at the front and rear of the vehicle. The integrated sensors send out ultrasonic waves when the vehicle is driven in Forward or Reverse at low speeds. The sensors pick up the echo of the transmitted signals to determine relative distance. Read-outs located in the cluster display will notify you of front/rear object proximity.



Available ParkSense®[10]

Your luck in securing a great parking spot just took a turn for the better with this automatic, exterior object-detection system. Parking in close range to other vehicles or objects is made easy with four sensors positioned on the front and rear bumpers. The system alerts you with a chime if your vehicle is too close to another vehicle or object, such as a building, bike, parking meter or lot barrier. A visual reference is also located in the Driver Information Display (DID) for enhanced parking convenience.

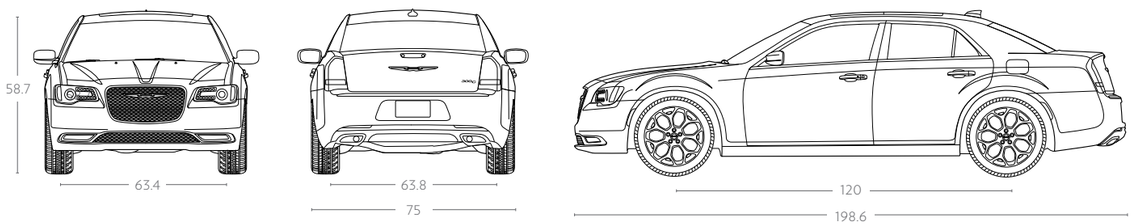
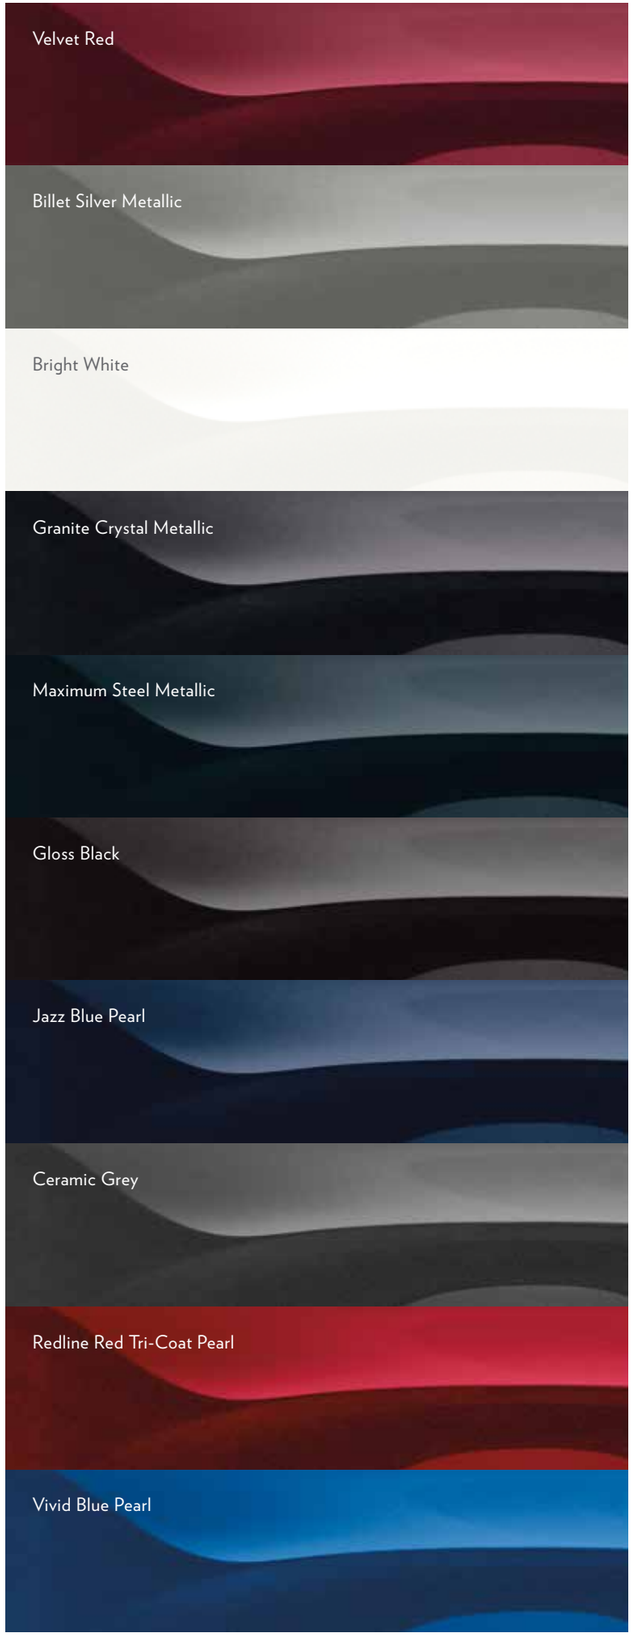
300 DIMENSIONS (INCHES)



Exterior colors.

As many as ten exterior colors are offered. The paint is developed to accentuate the surfacing of the 300 in terms of how the colors and finishes appear in bright sunlight, overcast or low-light conditions.



300 (standard)

Black Nappa Leather

Linen Nappa Leather

300S (standard)

Black Nappa Leather with Light Grey accent stitching and embroidered logo

Black/Smoke Nappa Leather with Light Grey accent stitching and embroidered logo

300S (optional on 300S)

Black Nappa Leather with Alcantara® suede bolsters, Alcantara perforated suede inserts and embroidered logo

300S (optional on Alloy Edition)

Black Nappa Leather with Caramel accent stitching and embroidered logo

300S (optional on 300S with Comfort Group)

Black Nappa Leather with Axis II perforated inserts, Light Grey accent stitching and embroidered logo

Black/Smoke Nappa Leather with Axis II perforated inserts, Light Grey accent stitching and embroidered logo

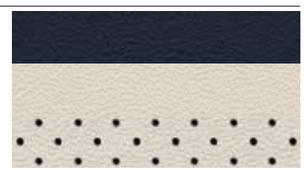
300C (standard)

Black Nappa Leather with Axis II perforated inserts

Linen Nappa Leather with Axis II perforated inserts

300C Platinum (standard)

Premium Black Nappa Leather with Axis II perforated inserts



Premium Indigo/Linen Nappa Leather with Axis II perforated inserts

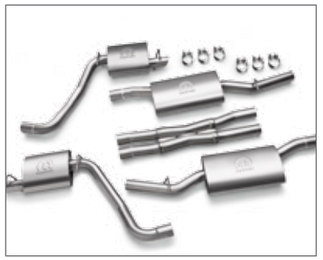
Interior colors.

The interior offers sophisticated material and trim combinations with soft surfaces, and contemporary colors to convey an ambiance of luxury and comfort.

Authentic Chrysler Accessories

The 2017 Chrysler 300 embodies sleek sophistication and sporty style. A wide range of Authentic Mopar® Accessories, crafted specifically for these modern sedans, lets you take your active lifestyle even further. From Sport and Cargo Carriers to Performance Parts, Mopar helps bring along the gear to go the distance. Visit your local Chrysler dealership to see the full line of Authentic Accessories for your Chrysler 300.

300 Select Accessories



Cat-Back Exhaust System.*

Our performance Cat-Back Exhaust System features T304 stainless steel construction with mandrel-bent tubing and stainless band clamps. This free-flow system helps to provide horsepower and torque gains, a deeper tone and improved fuel efficiency. System is compatible with vehicle's original-equipment exhaust tips.

20-Inch Black Chrome R/T Wheel.

Rev up the custom good looks with this stylish wheel. This unique wheel features a 5-spoke design with a Black Chrome Spinelle finish, and undergoes thorough testing to prove its durability and ensure a long-lasting shine.

Wireless Charging Pad.

Leave your cords behind and slip into the future. Just equip your smartphone with the cover† that integrates wire-free charging technology and the display light lets you know it's charging. Professionally installed and within reach, charging pad makes charging second nature every time you drive your car.

Illuminated Door Sill Guards.

Add a touch of stainless steel style to your vehicle while protecting its interior door sills from scratches. Front sills feature the Chrysler logo, which illuminate when the front doors are open. Sold as a set of four.

Cold Air Intake Kit.*

This kit helps provide horsepower and torque gains under varying atmospheric conditions. With an aggressive sound, this intake provides performance you can hear and feel. The Cold Air Intake Kit includes all necessary mounting hardware and a filter.

Strut Tower Brace.*‡

Give your vehicle suspension improved handling, braking, chassis rigidity and under-the-hood style with this cost-effective upgrade. The brace functions as a bar between the two strut towers to minimize flex during hard cornering and braking.

*Mopar Performance Parts are sold "as is" unless otherwise noted. †A voucher to redeem applicable wireless smartphone cover is included with purchase of the Wireless Charging Pad. ‡Available for 5.7L and 6.4L engines only.

5 YEAR/60,000 MILE POWERTRAIN LIMITED WARRANTY | AUTOMOBILITY PROGRAM CHRYSLER | JEEP | DODGE | RAM | SiriusXM[2] SATELLITE RADIO | MOPAR OWNER CONNECT | MOPAR VEHICLE PROTECTION | Uconnect®

(1) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (2) SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. **If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. (3) Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. (4) Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to internet supported features. (5) Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit www.UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility. (6) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (7) The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front airbag. All occupants should always wear their lap and shoulder belts properly. (8) This system is not intended to avoid collisions on its own, nor can FCW detect every type of potential crashes. The driver must remain aware of traffic conditions and prepared to brake and steer to avoid potential collisions at all times. (9) Always check visually for vehicles prior to changing lanes. (10) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (11) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. (12) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (13) Not compatible with all garage doors. (14) Uconnect Access is available only on equipped vehicles purchased within the contiguous United States plus Alaska. Services can only be used where cellular coverage is available, see coverage map for details. For a complete list of Uconnect Access services, please visit http://www.driveuconnect.com/features/uconnect_access/packages/. Vehicle must be registered for Uconnect Access and fulfill minimum subscription requirements. (15) Complete details, including restrictions, limitations and exclusions, will be available when you become a Cardmember.
